INDEX.

A.

Abdominal viscera, malposition of, 191
Abortion, criminal, 465
Abscess succeeding childbirth, 285
Absorption, cutaneous, 213
Aconite in tetanus, 533
Acupressure, 538
Addison's disease, 188
Adhesive plaster, counter-extension by, 263, 565
Adynamic type of remittent fever, 43
African fever on the lower Zambezi, 220
Alum lozenges in affections of throat, 219
American Medical Association, review of transactions of, 439
——— surgeons in the Russian army, 570
Ameuille, sudden delivery, 563
Amputation, causes of death after, 480
——————— of a gangrenous arm, 89
——————— scooping of bone substituted for, 257
Amputations, mortality after, 205
Anasarca, renal, 231
Aneurism of aorta, 82
——————— cerebral vessels, 194
——————— orbit, 481
——————— the ischiatic artery, 572
——————— thoracic aorta, 482
Aneurisms, iodide of potassium in, 549
Angina pectoris, pathology of, 224
Animal chemistry and its relations to therapeutics, 351
Anthrax, new method of treating, 548
Antiphlogistic powers of morphia, 553
Anus, artificial, 266
Aorta, aneurism of, 82
Aortic valves, retroversion of, 195
Apoplexy, 189
Argenti, alum lozenges in affections of throat, 219
Arsenic, fallacy of sources of in dead bodies, 280
——— poisoning by, 564
Arteries, injured, 197
Asphyxia from chloroform, Faradization of lungs in, 537
Atlee, vesico-vaginal fistula, 67
Avelung, difficulty of delivery in rupture of uterus, 558

B.

Bagot, sickness of pregnancy, 275
Barlow, heart disease, 197
Bartholow, medical topography, &c., of Fort Bridger, 323
Beck's Medical Jurisprudence, notice of, 211
Becquerel, cylindrical pencils of tannin in affections of uterus, 536
Bell, pathology and therapeutics of typhus fever, 525
Beraud, variolous orchitis and ovaritis, 522
Bibliographical notices—
——— Bennett's Clinical Lectures, 505
——— Bryant on Diseases and Injuries of Joints, 487
——— Butler Hospital for the Insane Report, 459
——— Carnochan, Contributions to Surgery, 474
——— Cotton, Phthisis and the Stethoscope, 502
——— Diaphemetric Compass, 499

——— West, Lectures on Diseases of Children, 502
——— Western Lunatic Asylum of Virginia Report, 464
——— Western Pennsylvania Insane Hospital Report, 463
——— Wood, Introductory Lectures, 503
Bird, Urinary Deposits, notice of, 208
Birkett, excision of head of humerus, 476
——— strangulated oblique inguinal hernia, 483
——— surgery of tumours, 194
Blackley, new method of treating anthrax, 548
Bladder, supra-pubic puncture of, 91
Blennorrhagia treated with colchicum and laudanum, 551
Blondlot, poisoning by arsenic, 564
Blood, coagulation of, 508
——— nutrition by in starvation, 510
——— coagulation of in veins during life, 497
Bloodgood, bronchia respiration, 51
Bloomingdale Asylum for Insane, notice of report, 169
Bone, refracture of, 477
Bouillaud, iodide of potassium in aneurisms, 549
Bowles, causes and treatment of stertor, 530
Bowman, new operation for conical cornea, 554
Brain, importance of free respiration in certain states of, 529
——— penetrating wound of, 575
Brainard, trephining in epilepsy and insanity, 281
Brandon, turpentine in stomatitis materna, 576
Bright's disease dependent upon two distinct conditions of kidneys, 230
——— disease of kidneys, 481
Bronchial respiration, 51
Bronchitis, independence of on pneumonia, 233
Brown, adynamic type of remittent fever, 43
Brown-Séquard, hereditariness of epilepsy induced in Guinea-pig, 238
Bryant, causes of death after amputation, 480
——— diseases and injuries of the joints, 487
——— hemorrhage from bowels in children, 267
——— injuries and diseases of nervous system, 183
Bryson, night-blindness in connection with scurvy, 270
Budd, cancerous tumours in chest, 483
Butler Hospital for Insane, notice of report of, 459

C.

Cancer, treatment of by caustic potass and chloride of zinc, 549
Cancerous tumours in chest, 483
Carnochan, contributions to operative surgery, notice of, 474
Carotid arteries, ligature of both, 574
——— common, ligature of, 481
Cataract, intra-ocular hemorrhage after extraction of, 268
——— production of, in frogs, 106
Caustics in cancer, 549
Children, influence of sex on diseases of, 536
——— angina pharyngea œdematosa in, 537
Chlorate of potash in mercurial stomatitis, 245
Chloride of zinc, new mode of applying, 219
Chlorine lotions in variola, 535
Chloroform, Faradization of the lungs in asphyxia from, 537
Chorea treated with sulphate of zinc, 242
Cleland, saccharated lime, 217
Coldstream, iodide of potassium in diseases of the brain in children, 244
Colles, affusion in knee-joint treated by iodine injections, 255
Conical cornea, new operation for, 554
Connecticut Medical Society, notice of transactions of, 163
Consumption, physical signs of, 502
Cooke, deodorization of foul ulcers, 267
——— treatment of gonorrhœa and gleet without copaiba, 550
Coote, corns on sole of foot, 268
Copaiba, treatment of gonorrhœa and gleet without, 550
Corns on sole of foot, 268
Correction, 572
Corse, fatal hæmatemesis, 569
Cotton, iodide of potassium in phthisis, 532
——— phthisis and the stethoscope, 502
Creasote as an application to gangrenous stumps, 570
Crighton, epidemic diphtheria, 518
Crockett, vesico-vaginal fistula, 121
Croup, tracheotomy in, 546, 575
Cutaneous absorption, 213
Cyanide of potassium, poisoning with, 279

D.

Daly, larch bark in pulmonary hemorrhage, 248
Darrach, aneurism of aorta, 82

Delivery, sudden, 563
Demeaux and Corne, new disinfectant, 219
Dental pathology, 196
Deodorants, 514
Deodorization of foul ulcers, 267
Devergie on oils of liver of cod, dogfish, and skate, 512
Devron, penetrating wound of the brain, 575
Diabetes, 229
——— from lesion of nervous system, 192
Diaphemetric compass, 499
Dickinson, Bright's disease dependent upon two distinct conditions of kidneys, 230
Diphtheria, epidemic, 518
Disinfectant, new, 219
Dislocation of os calcis from astragalus, 478
Donkin, pathology and treatment of placenta prævia, 561
Dropsy, sambucus niger in, 536
Dugas, aneurism of ischiatic artery, 572
Dunn, statistics of midwifery practice, 273

E.

Eisenmann, chlorine lotions in variola, 535
——— blennorrhagia treated by vinum colchici and laudanum, 551
Elephantiasis, ligature of femoral artery for, 575
Ellis, tubercle, 399
Empyema, drainage in, 483
Emulgent veins, retrograde course of, 507
Epilepsy cured by removal of a portion of depressed bone, 87
——— hereditariness of, 238
——— trephining in, 281
——— ligature of both carotids for, 574

F.

Face presentation, 366
Falls from great heights, 552
Faradization of lungs in asphyxia from chloroform, 537
Femoral artery, ligature of for elephantiasis, 474, 575
Femur, counter-extension in the treatment of fractures of, 565
——— extra-capsular fracture of, 258
Fenner, ununited fracture, 342
Flourens, History of the Circulation of the Blood, review of, 140
Fœtal head, measurement of at term, 111
Foreign body in nose, 567
Fort Bridger, medical topography, &c., of, 323
Foster, contraction of the œsophagus, 183
Fracture of base of cranium, 575
——— femur, 258
——— clavicle, 262
——— counter-extension by means of adhesive plaster, 283, 565
——— of long bones, non-reducibility of, 544.
Francheschi, retrograde course of emulgent veins, 508
Friedberg, Faradization of lungs in asphyxia from chloroform, 537
Fuller, renal anasarca, 231

G.

Gairdner, aneurism of thoracic aorta, 482
Galvanism in photophobia, 114
——— rheumatism, 119
——— paralysis agitans, 246
Gangrene, amputation during the progress of, 88
Garrod, microscopical character of gouty inflammation, 223
Gastrotomy, 183
Gonorrhœa and gleet treated without copaiba, 550
——— cured by vinum colchici and laudanum, 551
Goodfellow, drainage in empyema, 483
Gordon, extra-capsular fracture of femur, 258
———, fracture of clavicle, 262
Gosselin, non-reducibility of fractures of long bones, 544
Gott, exsection of right superior maxilla, 344, 572
Gouty inflammation, microscopical character of, 223
Griesinger, pathology of diabetes, 229
Gross' System of Surgery, review of, 127
Gull, aneurism of cerebral vessels, 194
—— retroversion of aortic valves, 195
—— destructive changes in lung, 196
—— factitious urticaria, 196
Gunshot wound, amputation, 365
——— in loins, 191
Gustaf von Duben on Microscopical Diagnosis, notice of, 210
Guy's Hospital Reports, notice of, 183

H.

Habershon, etiology and treatment of peritonitis, 526
——— malposition of abdominal viscera, 191
——— on Diseases of Alimentary Canal, notice of, 198
——— pain as a sign of disease of stomach, 235
——— gunshot wound, 191
——— pyæmia, 191
Hæmatemesis, 569
Halford, action and sounds of heart, 498
Hamilton on Fractures and Dislocations, review of, 419
——— statistics of ovariotomy in Ohio, 575
Harley, saccharine function of liver, 510
Harvey, abscess succeeding childbirth, 285
Hassall, crystals of phosphate of lime in human urine, 511
Haughton, opposite action of strychnine and nicotine, 280
Hawkins, sequel of a case of lithotomy, 486
Heart, action and sounds of, 498
—— disease, 197
—— hypertrophy of during pregnancy, 275
Hernia, new mode of reducing strangulated, 284
——— reduction "en masse," 483
Hewson, galvanism in photophobia, 114
Hicks, rupture of uterus, 188
Hildige, intra-ocular hemorrhage after operation for cataract by extraction, 268
Hodge, counter-extension in the treatment of fractures of the femur, 565

Horner's muscle, voluntary power of using, 557
Humerus, excision of head of, 476
Humphry, coagulation of blood in veins during life, 497
Hunter, hypodermic treatment of disease, 238
——— importance of free respiration in certain states of the brain, 529
Hydrophobia successfully treated, 96
Hymen unbroken, 576
Hypodermic treatment of disease, 238

I.

Iliac, ligature of primitive, 572
Illinois State Hospital for Insane, notice of report, 175
Indiana State Medical Society, notice of transactions of, 159
——— Hospital for Insane, notice of report of, 174
Inflammation, treatment of, 17
——— state of capillary bloodvessels in, 62
Inoculation, primary syphilitic, 487
Insane Hospital Reports, notices of, 166, 453
——— Hospital for Insane, report of, 174
Insanity, trephining in, 281
Inverted toe nail, 124
Iodide of potassium in diseases of brain in children, 244
——— in aneurisms, 549
——— in phthisis, 532
Iodine injections in knee-joint, 255
Iron, perchloride of, 218
Irwin, amputation of a gangrenous arm, 88
Isaacs, case of milky urine, 472
Ischiatic artery, ligature of for aneurism, 572

J.

Jago, voluntary power of using Horner's muscle, 357
Jewell, report on meteorology and epidemics of Philadelphia in 1859, 377
Jobert, subarachnoidean fluid, 216
Johnson, Bright's disease of kidneys, 481
Jones, disarticulation of scapula from shoulder-joint, 477

K.

Keller, face presentation, 366
King, gunshot wound, 365
——, foreign body in the nose, 567
King's Co. (N. Y.) Asylum for Insane, notice of report, 169
Kirkbride, description of Pennsylvania Hospital for Insane, 305
Knee-joint, effusion in treated by iodine injections, 255
———, excision of, 256
Kuchenmeister, water-glass; 517
Kuttner, influence of sex on diseases of children, 536

L.

Laborde, chlorate of potash in mercurial stomatitis, 245
Labour, with hymen unbroken, 576
Larch bark in pulmonary hemorrhage, 248
Larcher, hypertrophy of heart during pregnancy, 275
Laurence, antiphlogistic powers of morphia in sclerotitis and iritis, 553
Lawson, treatment of inflammation, 17
Lea, possible ultimate causes of disease, 360
Leake, exsection of superior maxilla, 348
Lee, primary syphilitic inoculation, 487
Leidy, vesicating principle of lytta vittata, 60
Levergood, compound comminuted fracture of patella, 85
Ligature of both carotids, 574
——— femoral, 575
——— subclavian, 575
Ligget, hydrophobia, 96
Lister, coagulation of the blood, 508
Liver, saccharine function of, 510
Livingstone, African fever, 220
Lobb, idiopathic peripheral neuralgia, 232
Lockwood, fracture of base of cranium, 575
Lois, fallacy of sources of arsenic in dead bodies, 280
Lung, destructive changes in, 196
——— left divided into two lobes, 565
Lytta vittata, vesicating principle of, 60

M.

Maine Insane Hospital Report, notice of, 453
Mallett, falls from great heights, 552
Marc d'Espine, epidemic variola in Geneva, 519
Mason, tracheotomy for removal of persimmon seed, 122
Massachusetts Medical Society, notice of medical communications, 157
——— State Hospitals, notice of reports of, 454, 456, 458
McWillams, report on health of waterguard, &c., notice of, 492
Mercurial stomatitis, chlorate of potash in, 245
Michel, pituitary body, 475
Microscopical Diagnosis, notice of Gustaf von Duben on, 210
Midwifery statistics, 271, 273
Missouri State Hospital for Insane, notice of, 175
Mitchell, production of cataract in frogs, 106
Morphia, antiphlogistic powers of, 553
Mount Hope Institution for Insane, notice of report, 172
Mouth, chlorate of potash in diseases of, 245
Mushet, pathology of angina pectoris, 224
Musset, sugar in urine, 531

N.

Nervous system, diseases and injuries of, 183
Neuralgia, idiopathic peripheral, 232
New Jersey State Asylum for Insane, notice of report of, 171
New Orleans, yellow fever in, 284
New York State Asylum for Insane, notice of report, 167
———, notice of report of committee on health of, 178
Nicotine and strychnine, opposite action of, 280
Night-blindness in connection with scurvy, 270
North Carolina Medical Society, notice of transactions of, 162
Nose, foreign body in, 567
Nunneley, aneurism of orbit, 481

O.

Ogier, ligature of femoral artery for elephantiasis, 575
Ogle, clinical cases, 499
——, diaphemetric compass, 598
——, induced cerebral paralysis, 485
——, pathological cases, 501
Oils from the liver of the cod skate and dogfish, 512
Ovariotomy, 567, 575

P.

Packard, left lung divided into two lobes, 565
——, state of capillary bloodvessels in inflammation, 62
Parke, American surgeons in the Russian army, 570
Paralysis agitans, cured by galvanic current, 246
Pain as a sign of disease of stomach, 235
Parrish, Practical Pharmacy, notice of, 177
Patella, compound comminuted fracture of, 85
Pavy, diabetes from lesions of nervous system, 192
Pennsylvania Hospital for Insane, account of, 305
——. State Lunatic Asylums, notice of reports of, 462, 463
——, notice of Transactions of Medical Society of, 151
Pemberton, excision of knee-joint, notice of, 494
Peritonitis, etiology and treatment of, 526
Photophobia, galvanism in, 114
Phosphate of lime in human urine, 511
Phthisis, iodide of potassium in, 532
——, elements of prognosis in, 248
Pituitary body, pathology of, 475
Placenta prævia, pathology and treatment of, 561
Plica polonica endemic at Anno Bom, 363
Poland and Holman, injured arteries, 197
Poisoning, cases of, 190
—— with sulpho-cyanide of potassium, 278
—— by cyanide of potassium, 279
Pollock, prognosis in phthisis, 248
——, dislocation of os calcis from astragalus, 478
Polypi, uterine, 562
Polypus of rectum in children, 267
Porter, inverted toe-nail, 125
Pregnancy, sickness of, 275
—— hypertrophy of heart during, 275
Pulmonary hemorrhage, larch bark in, 248
Pyæmia, 191

Q.

Quarantine, Report of New York Chamber of Commerce on, notice of, 470

R.

Recto-vesical operation for vesical calculus, 486
Rectum, imperforate, 375
Resection, scooping of bone substituted for, 257
Remittent fever, adynamic type of, 43
Reviews—
—— Flourens' History of the Circulation of the Blood, 140
—— Gross's System of Surgery, 127
—— Hamilton on Fractures and Dislocations, 419
—— Transactions of the American Medical Association, 439
Reynolds, paralysis agitans cured by galvanic current, 246
Reyssie, sambucus niger in dropsy, 536
Rheumatism, electro-magnetism in, 119
Rheumatic fever, 192
Robert, accidents from development of wisdom teeth, 237
Robin, independence of bronchitis to pneumonia, 233
Rochard, operation for artificial anus in children, 266
Roemer, ovariotomy, 567
Richardson, new mode of reducing strangulated hernia, 284
Rilliet, dilatation of stomach, 523
Ringer, connection between heat of the body and excreted amounts of urea, &c., during a fit of ague, 484
Rupture of uterus, difficulty of delivery in, 558

S.

Saccharated lime, 217
Salmon and Maunoury, treatment of cancer, 549
Salter, dental pathology, 196
Sambucus niger in dropsy, 536
Sanborn, silver wire in ununited fracture, 339
Sansom, statistics of amputations, 205
Savory, hermaphrodite sheep, 480
Scapula, disarticulation of, 477
Schauenstein, poisoning with cyanide of potassium, 279
Schneck, supra-pubic puncture of bladder, 91
Scooping of bone substituted for resection and amputation, 257
Scurvy, night-blindness in connection with, 270
Sedgwick, aconite in etanus, 533
Sedillot, scooping of bone, substituted for resection, &c., 257
Setschenow, poisoning with sulpho-cyanide of potassium, 278
Sex, influence of on diseases of children, 536
Shrady, ligature of subclavian, 575
Sickness of pregnancy, 275
Silver wire in ununited fracture, 339
Simpson, acupressure, 538
Skey, refracture of bone, 477
Skinner on deodorants, 514
Smith, cyclical changes in human system, 480
——, statistics of midwifery practice, 273
——, vesico-vaginal fistula, 282
Snow, smallpox in Providence, 468
Southern, vesical calculus, 486
Spence, new mode of applying chloride of zinc, 219
——, tracheotomy for croup, 546
Starvation, nutrition by blood in, 510
Statistics of midwifery practice, 273
—— stillbirths, 271

Stertor, its causes and treatment, 530
Still-births, statistics of, 271
Stomach, pain as a sign of disease of, 235
———, dilatation of, 523
Stomatitis materna, 576
Stone, sulphate of zinc in chorea, 242
Storer, Criminal Abortion in America, notice of, 465
Strangulated hernia, new mode of reducing, 284
Stricture of urethra, internal incision for, 264
Strychnine and nicotine, opposite action of, 280
Subclavian, ligature of, 575
Sub-arachnoidean fluid, 216
Sudden delivery, 563
Sugar in the urine, 531
Sulphate of zinc in chorea, 242
Sulpho-cyanide of potassium, poisoning with, 278
Superior maxilla, exsection of right, 344
——————— exsection of, 348
Syphilitic inoculation, 487

T.

Taft, operative dentistry, notice of, 505
Tannin, cylindrical pencils of in affections of uterus, 536
Teed, animal chemistry in relation to therapeutics, 351
Tetanus, aconite in, 533
——— woorara in, 252
Thomas on suspended fœtal animation, notice of, 181
Thompson, internal incision in obstinate stricture of urethra, 264
Toe-nail inverted, 124
Tomes' Dental Surgery, 504
Tracheotomy for removal of persimmon seed, 122
——————— in croup, 546, 575
Transactions of American State Medical Societies, notices of, 151
Transverse vertex presentation, 367
Trephining in epilepsy and insanity, 281
Trist, electro-magnetism in rheumatism, 119
Tubercle, pathology of, 399
Tumours, surgery of, 194
Typhus fever, pathology and therapeutics of, 525
Turpentine in stomatitis materna, 576

U.

Ulcers, deodorization of foul, 267
University of London, new regulations, 564
Ununited fracture, silver wire in, 339
———————, Fenner's case of, 342
Urea in chyle and lymph, 216
Urethra, internal incision in obstinate stricture of, 264
Urine, crystals of phosphate of lime in, 511
——, milky, 472
——, retention of, 91
—— sugar in, 531
Urinary Deposits, notice of Bird on, 208
Urticaria, factitious, 196
Uterus, cylindrical pencils of tannin in affections of, 536
———, difficulty of delivery in rupture of, 558
———, inverted, replaced, 276
———, rupture of, 188
Uterine polypi, 562

V.

Van Pelt, measurement of fœtal head at term, 111
———, occipito-iliac positions of vertex presentations, 367
Variola, chlorine lotions in, 535
———, epidemic of in Geneva, 519
——————— in Prussia, 521
Variolous orchis and ovaritis, 522
Vedder, plica polonica, 363
Velpeau, uterine polypi, 562
Vermont Asylum for Insane, notice of report, 166
——— Insane Hospital report, notice of, 454
Vesicating principle of lytta vittata, 60
Vesico-vaginal fistula, 67, 121, 282
Virginia Western Lunatic Asylum report, notice of, 464
Voss, tracheotomy in croup, 575

W.

Wallace, imperforate rectum, 375
Waller, cutaneous absorption, 213
Waters, anatomy of human lung, 490
——— intimate structure of human lung, 490
Water-glass as a partial substitute for collodion, 517
Watson, excision of knee-joint, 256
Weber, ligature of both carotids for epilepsy, 574
Wells, woorara in tetanus, 252
West, Diseases of Children, 502
——, statistics of stillbirths, 271
Western Asylum of Kentucky report, notice of, 173
Westheimer, angina pharyngea œdematosa in children, 537
Whitley, rheumatic fever, 192
Wilks, Addison's disease, 188
——— apoplexy, 189
Wood, Introductory Lectures, 503
Woodward, contributions to pathological histology, 331
Woorara in tetanus, 252
Wurtz urea in chyle and lymph, 216
——— inverted uterus replaced, 276

Y.

Yale, labour with hymen unbroken, 576
Yeates, epilepsy cured by the removal of a portion of depressed bone, 87
Yellow fever in New Orleans, its domestic origin, 284
